

Speaker Profile

Curtis Evert, Vice President, Exploration for Sherritt International

Curtis Evert was born and raised on a family farm in Southeast Saskatchewan, Canada. Curtis graduated with a B.Sc. Advanced in Geological Sciences from the University of Saskatchewan in 1984 and began his career in the oil and gas industry in 1985. He has worked for several companies during the past 34 years, focusing his efforts on petroleum and natural gas exploration and production.

His early career was spent working on projects in Canada, including Alberta, British Columbia, Saskatchewan and Newfoundland. During the past 19 years, Curtis has focused on international ventures including projects in Cuba, Spain, Argentina, Namibia, Turkey, Pakistan, Brazil, United Kingdom and the South China Sea.

Curtis is currently Vice President, Exploration for Sherritt International. Curtis has been involved in Cuba oil and gas exploration since 2005. He is the co-founder and Past President of the Canadian Global Exploration Forum (www.cgef.org), a not-for-profit society that represents and promotes Canadian petroleum exploration, production and CSR expertise on a worldwide basis.
